About Robyn

About Robyn

Robyn has been teaching crochet for about a year, having picked it up when she became disabled after covid-19. She has adapted crochet to fit her changing needs, doing simple designs when she's particularly ill, or switching up to complicated patterns as her health improved. She loves sharing crochet with other people, whether in making gifts or teaching classes. She says that the most important thing about hobbies is to change the hobby to fit you, rather than feeling like you have to be a 'certain kind of person' in order to pick it up.
